Are you suffering from a broken heart?

Did death, divorce, or the end of a romantic relationship cause it? Or was it caused by any one of the forty other issues that a person might experience such as moving, pet loss, or a change in finances? **Regardless of the cause, you know how you feel and it probably isn't good.**

We aren't going to tell you we know how you feel, because we don't. Neither does anyone else.

What we will do is provide a safe environment where you will be given specific tools to help you recover from loss and ultimately lead a happier life.

People say you have to let go and move on with your life but they don't tell you how.

The Grief Recovery Method® developed and refined over the past 40 years, teaches you how to recover from loss with supportive guidance every step of the way.
